CONSTITUTION AND RULES

OF THE

Church Society of the Diocese of Toronto.

1. The Society is formed for promoting the advancement of Religion through the Ministry of the United Church of England and Ireland, and its objects are the dissemination of the Holy Scriptures, the Book of Common Prayer, and such other Books and Tracts as may serve to promote an acquaintance with Evangelical truth, and with the Doctrines and Order of the United Church of England and Ireland: the Propagation of the Gospel among the Indians and Destitute Settlers in remote situations, by means of travelling and resident Missionaries: assistance to Clergymen of the Church, who may be incapacitated by age or infirmity, and to their Widows and Orphans: furnishing those who may be preparing for the Ministry with the means of pursuing their Theological studies: the promotion of Sunday and Parochial Schools: the temporal support of the Church and its Ministers, including all matters relating to the care and improvement of the present resources of the Church, and whatever measures may be thought best for increasing them.

2. In its efforts to promote these objects, the Society shall act in cordial union with the Venerable Society for the Propagation of the Gospel in Foreign Parts, and the Venerable Society for Promoting Christian Knowledge.

3. The sanction of the Lord Bishop of the Diocese shall be necessary for the completion of all important acts of the Society, and especially for the revocation or alteration of any of the standing rules, and for making any addition to them.

4. The Vice Presidents shall consist of the Venerable the Archdeacon, or Archdeacons, of the Diocese,—the Chairman of the District Association,—and such other Clergymen or Laymen as may be appointed at an Annual General Meeting of the Society.

5. The Society shall be open to all the Members of the Church, all of whom shall be invited to unite with it. One Pound Five Shillings per annum shall constitute a Member, and Twelve Pounds Ten Shillings, paid at any one time, a Member for life, while the annual payment in advance of any sum, however small, shall qualify a person to be a Member of the District and Parochial Association. All contributors are allowed to specify the objects, where they desire it, to which their donations shall be applied. There shall be no arbitrary or specific amount of subscription named, but a full recognition of the great Scriptural principle, "Every man should give as he is able."

6. The Society shall be managed by a Central Board, in the City of Toronto, consisting of the President, the Vice Presidents, and a Committee of twelve Clergymen and twelve Laymen, who shall be

chosen annually at the General Meeting of the Society; of which body not less than five shall be a quorum; and to this Board there shall be attached a Secretary, an Assistant Secretary, (if required,) and a Treasurer.

7. A General Meeting of the Society shall be held at Toronto annually, on the first Wednesday in June, and the Central Board of Management shall hold their Meetings, for the transaction of the ordinary business of the Society, on the first Wednesday of every month,—that of June excepted.—but especial Meetings of the Board may be held upon the requisition of the Lord Bishop, or, in his absence, of two of the Vice Presidents.

8. In connexion and correspondence with the Society, District Associations shall be established, comprising one or more Districts, into which the Province is by law divided; the same to be composed of the Clergy resident within the bounds of the same, and all other Members of the Church who shall contribute in aid of the Society's funds;—the Archdeacon, or senior Clergyman resident within its bounds, shall, *ex officio*, be Chairman of such District Branch Association, with whom shall be associated, as composing a Committee of Management, the Clergy of the several Parishes or Missions, within the bounds of such District, and one or two Laymen from each of the same, a Secretary and Treasurer.

9. A General Meeting of each Branch District Association shall be held in January in each year, at any time and place which may be agreed upon at a previous Quarterly Meeting of the Committee of Management; and Quarterly Meetings of the Committee of Management,—not less than five to form a quorum,—shall be held, viz.: on the first Tuesday in January, April, July and October, for the transaction of the ordinary business of the Branch Association.

10. In order the more fully to carry out the objects of the Society, each Parish, in the person of its Clergyman and Church-wardens, shall be a Sub-Association, in correspondence, through its Chairman (the Clergyman) with the District Branch Association, and may be denominated, *The Parochial Committee of the Church Society*. This Committee shall meet so often, and at such periods, as they shall themselves decide to be most convenient, inviting the co-operation of all the Parishioners, in their deliberations and designs. They shall collect subscriptions and donations from the Members of the Church, in such manner as they shall deem most effective, and endeavour, by every means in their power, to augment the resources of the Society. One Sermon, at least, shall be preached during the year, in favour of the objects of the Institution, on the Sunday next succeeding the Annual Public Meeting of such Parochial Association,—all monies raised to be transmitted to the Treasurer of the District Association.

11. One-fourth of all monies paid into the hands of the Treasurer of the District Committees respectively, shall be transmitted to the Treasurer of the General Society, to be at the disposal of the Central Board, and the remaining three-fourths of all such collections shall, when required, be expended within the Parish or District in which they have been made, for such objects only as are specified in the Constitution of the Society,—the allotment to be made at the Quarterly Meetings of the District Branch Association. All monies not required to be expended for local purposes, and remaining unappropriated at the general Annual Meeting of the District Association, shall be forthwith transmitted to the Treasurer of the Society at Toronto.

12. The District Associations, through their respective Secretaries, shall communicate to the Secretary of the Parent Society at Toronto

a minute statement of all receipts and expenditure within the sphere of their operations, embodied in the form of a Report, once in each year, as soon as convenient after the General Annual Meeting of such District Branch Association.

13. For promoting that object of the Society which refers to the temporal support of the Church and its Ministers, a Committee shall be formed consisting of Lay Members of the Society, whose especial care it shall be to devise and pursue such measures as shall seem best adapted for placing the maintenance of the Church and its ministers upon a permanent and satisfactory footing, and for extending the usefulness of the Church by increasing her resources.

14. The Lay Committee shall consist of twenty-four members, including the Chairman; and nineteen members having been appointed by the Diocesan Society at their first meeting, those nineteen members, with five others, to be named by the Lay Committee under the power given to them to add to their numbers, shall compose the Lay Committee until the first Wednesday in June next, and until the Diocesan Society by a resolution to be passed at their meeting on the first Wednesday in June next, or in any subsequent year, shall otherwise order.

15. The place of a member of the Committee may be vacated by resignation in writing—and shall be held to be vacated by a continued residence out of the diocese for two years, or by omitting to attend at six successive monthly meetings of the Committee, when not prevented by absence or ill health.

16. A list of the vacancies occasioned by death, or by either of the above causes, shall be laid before the Lay Committee by their Secretary at their last stated meeting before the first Wednesday in June in each year, in order that such vacancies may be filled up by vote of the Diocesan Society at their regular anniversary meeting on the first Wednesday in June.

17. The Chairman of the Committee may be changed by vote of more than twelve of the Committee, approved of by the Lord Bishop.

18. The Secretary of the Committee shall be appointed, and may be removed by vote of the Committee—that is, by the vote of a majority of those present at any meeting specially called for that purpose, or at any of the stated meetings of the Committee, after it has been notified that such appointment or removal is intended to be then considered.

19. The Treasurer of the Diocesan Society shall be the Treasurer of the Committee.

20. The Committee shall hold their stated meetings monthly, on the last Saturday of every month, at 3 o'clock, P. M., at the Committee Room of the Diocesan Society, until the Committee shall by their resolution otherwise order.

21. A Special Meeting may be called at any time by the Chairman.

22. In the absence of the Chairman, any member of the Committee may by vote of the majority of the members attending be appointed to act as Chairman of any stated or special meeting.

23. Five members, including the Chairman, shall form a quorum, and shall be necessary to the transaction of any business.

24. If when all have voted upon any question, including the Chairman or member presiding, the votes shall be equal, the Chairman or member presiding shall have a casting vote.

25. Any order upon the Treasurer signed by the Chairman and countersigned by the Secretary of the Committee, shall be a sufficient authority for the payment of charges incident to the business of the Committee.

26. The understood objects of the Committee being to collect and provide funds for the support of the Church and its ministers, and not to distribute or appropriate such funds, it is only necessary to take care that due caution be used in investing for the benefit of the Church whatever may be gathered by the exertions of the Committee; and to this end it is proposed that no investment be made in any security, public or private, and no conveyance of land or other property taken, except in accordance with measures previously agreed upon by a resolution of the Lay Committee—and that no such resolution shall pass except when nine members of the Committee shall be present, nor at any other than a stated meeting, or at a special meeting called for that express purpose by a written notice to the members of the Committee, which shall state the object—

27. And no such resolution shall be acted upon, until it has been communicated to the Lord Bishop, and his concurrence signified.

28. All Meetings of the Society and of the Committees shall be opened and closed with the prayers used by the two Societies in England, adapted to local circumstances under the direction of the Bishop.

Prayers of the Society.

BEFORE THEY COMMENCE BUSINESS.

PREVENT us, O Lord, in all our doings, with Thy most precious favour: and further us with Thy continual help; that in all our works, begun, continued, and ended in Thee, we may glorify Thy holy name, and finally by Thy mercy obtain everlasting life, through Jesus Christ our Lord. *Amen.*

O God, from whom all holy desires, all good counsels, and all works of piety and charity do proceed, we beseech Thee to visit with Thy favour our Sovereign Lady Queen VICTORIA; and so rule her heart that she may in all things seek Thy honour and glory. Prosper with Thy blessing the designs of this Society. Comfort with Thy grace those benefactors who contribute to its support. Bless the ministry of Thy servants, the Clergy; the endeavours of all who are engaged in spreading the knowledge of true religion in the dominions of our Sovereign, and the labours of those Missionaries, who are promoting the same in foreign parts. And may Thy Holy Spirit direct all our consultations to the advancement of Thy glory, and the good of Thy Church, through Jesus Christ our Lord. *Amen.*

O MERCIFUL God, who hast made all men, and hatest nothing that Thou hast made, nor wouldest the death of a sinner, but that he should be converted and live: Have mercy upon all Jews, Turks, Infidels, and Heretics, and take from them all ignorance, hardness of heart, and contempt of Thy Word; and so fetch them home, Blessed Lord, to Thy flock, that they may be saved among the remnant of the true Israelites, and be made one fold under one Shepherd, Jesus Christ our Lord, Who liveth and reigneth with Thee, and the Holy Spirit, one God, world without end. *Amen.*

OUR FATHER, which art in heaven, hallowed be Thy name. Thy kingdom come. Thy will be done in earth, as it is in heaven. Give us this day our daily bread. And forgive us our trespasses, as we forgive them that trespass against us. And lead us not into temptation; but deliver us from evil: for thine is the kingdom, and the power, and the glory, for ever and ever. *Amen.*

WHEN THE BUSINESS IS ENDED.

ALMIGHTY GOD, Father of all mercies, we Thine unworthy servants do give Thee most humble and hearty thanks, for all Thy goodness and loving kindness to us and to all men: more particularly for that providential support by which this Society hath been enabled to spread abroad the knowledge of Thy sacred truth. But, above all, for Thine inestimable love in the redemption of the world by Thy blessed Son; for the means of grace, and for the hope of glory, which Thou hast given us in the same our Lord and Saviour Jesus Christ: to whom with Thee and the Holy Ghost be all honour and glory, world without end. *Amen.*

THE Grace of our Lord Jesus Christ, and the love of God, and the Fellowship of the Holy Ghost, be with us all, evermore. *Amen.*

SECOND ANNUAL REPORT
OF THE
Church Society of the Diocese of Toronto,

PRESENTED AT THE ANNUAL MEETING AT TORONTO,

On Wednesday, June 5th, 1844.

Within the last few years, a godly spirit of unity has sprung up in that "pure and reformed part of Christ's Holy Catholic Church," to which we, by God's Providence, belong. Ere then, however, the vast importance of union began to be appreciated; nor can it be doubted, that the agitated state of the moral and social world for some time past, together with daring attempts to exclude sound religion from national systems of education, spoke silently, though strongly, to thoughtful Churchmen, of national pride, and national ruin; and thus, through fear of the coming tempest, men began to draw near to one another, and to be of one mind and of one heart in their Father's House. But amid all these passing events, the Christian can look further, and read with the eye of faith, how this pure and reformed Church seems destined, in the counsels of the Most High, to plant the standard of the Cross, and preach the pure and simple truth of the Gospel throughout the earth. Purified and made meet in the hands of the Lord for so mighty a task, she is daily developing her strength and holiness, and plainly pointing out the divine nature of her constitution.

In truth, a living principle of Christian fellowship has manifested itself. A kindly spirit, which points to primitive times, has gone abroad, and pervaded all classes.—High and low, rich and poor, begin to feel their equal privileges: while the Church herself, unshaken by the attacks of secret infidelity, uninjured by the human subtleties of Romish superstition, or the cold and selfish individualism of Dissent, rallies her children around her, and bids them be of good cheer in their Great Head, and feel that they are members one of another.

Nor was it possible, that so holy a flame should light up the Mother Church, and that the children whom, under God, she hath sent forth to distant lands and fostered with parental care, should long remain uninfluenced by the same feelings of sacred love. Witness the flourishing condition of our sister branch in the United States, whose present prosperity affords ample matter for humble satisfaction; while the happy progress of Church principles in British America, clearly shows that the Lord of the harvest is indeed vouchsafing us also a rapid increase through the labours of His duly commissioned servants. Much indeed, has been done: an earnest desire to promote "godly union and concord" is gradually gaining ground, and penetrating to the remotest missions of this extensive Diocese; whilst various other steps have been, and still are being taken for the advancement of true religion,—but it is in this Society, the annual report of whose proceedings is now presented for the second time, that we are especially called upon to rejoice, and hail it as the first fruits of Christian Unity,—as having called into action those feelings of mutual brotherhood, which long lay dormant in the breasts of so many, and of having afforded a legitimate channel for the exercise of that charity which never faileth.

The following is a brief statement* of the Society's Income and Expenditure for the past year,—which, it should be remembered, does not include the income of the several District Branches.

Balance from last year's account.....	£	279	4	11
Receipts of General Society for 1843-4		1796	16	7
Total.....	£	2079	1	6
Expenditure	£	1062	8	7½
Investment		937	10	0
Funds in hand.....		76	2	10½
	£	2076	1	6

It will be observed that there has been some falling off in the income derived from subscriptions and donations during the past year. This was in part to be expected; amongst other causes it may be attributed to the late agricultural and commercial depression, from which so young a country as this is can but slowly and gradually emerge. Yet it is sincerely to be

* A detailed account will be found in the Appendix.

hoped, that in a short time the resources of the Society will reach the utmost amount anticipated at the formation of the Institution, and continue to steadily increase.

It must be remembered, too, that the actual income of this Society gives but a faint idea of the amount of money contributed, and of the voluntary exertions of Churchmen for the purpose of promoting Christian knowledge, and propagating the Gospel throughout the Province. In every part of the Diocese, active and self-denying exertions are being made to procure enlarged Church accommodation, and to provide for the increased comfort and usefulness of the ministers of the Gospel.

As during the first, so during the past year, much good has been effected by the Parent Society through the medium of its Depository,—the sales at which are gradually but steadily increasing: in fact, their amount has been nearly doubled, since the first year; and we cannot doubt but that, as the nature of the publications circulated by the Society shall become better known throughout the Diocese, they will be more generally appreciated, and more earnestly sought for. These publications are principally of such a character as will be found peculiarly suitable for training up the members of Christ's flock from their baptism to their death, in the constant fear and love of God, by setting forth their Christian privileges, providing wholesome food and Godly counsel in every circumstance of life, and thus instructing the pilgrim how to keep his feet, while called to serve in the Church militant.

Others there are, containing anxious and earnest appeals to all who, through ignorance or self-sufficiency, have been led astray by any of the various forms of false doctrine, heresy and schism, now unhappily so prevalent amongst us. Nor are there wanting solemn addresses for the use of those who, while their lot has been cast in a Christian land, are yet regardless of every religious duty, and live in all appearance, without God in the world.

Books and Tracts issued. The Sales in the Depository amount to £960 for the past year:

There have been sold 703 Bibles,
720 Testaments,
1641 Prayer Books,

New Publications. The Society has issued but two publications of its own during the past year:—

1. The Roman Catholic Church not the Mother Church of England.
2. Letter to a Methodist, by a presbyter of Maryland, in three Tracts.

Since the formation of the Society, the Central Board has steadily kept in view the important object of increasing the number of Missionaries in the Diocese. To forward so laudable a purpose, and provide a fund, which shall be the means of securing the stability of their Missionary operations, the proceeds of the last annual collection, amounting to £435 10s., have been invested in the British North American Fire and Life Assurance Company—the proceeds of which, together with the interest derived from £500 temporarily loaned to the Diocesan Press, form the nucleus of a fund which will enable the Society for the future to enter into arrangements with their Missionaries, without the fear of that serious embarrassment, which would otherwise attend any falling off in the ordinary income of the Society.

By a resolution of the first year, a permanent annual sum of £100 was placed at the disposal of the Bishop, to be appropriated in such a manner as to his Lordship might seem judicious. His Lordship determined to use it for the purpose of aiding the Branch Associations in providing Travelling Missionaries for their respective districts, offering assistance to the amount of one-fourth of the annual salary of the Missionary, on the Branch Association becoming responsible for the remainder.

The Gore and Wellington Districts Branch have complied with this stipulation of the Lord Bishop, viz. of furnishing three-fourths of the income of the Missionary, in consequence of which the Rev. J. Mockridge has been

employed to labour in the unsupplied parts of that extensive tract of country.

The remainder of the sum thus appropriated remains in the Treasurer's hands to the Society's account.

In connexion with these operations of the Society it should be mentioned, that Mr. Francis Wilson has been engaged for about two years, as Catechist and Interpreter, among the Sabel Indians in the Western District; in the exercise of which useful and important office, the Society has been assured of his faithfulness and diligence. Mr. Wilson had formerly been employed at Manitoulin, by the Society for the converting and civilizing the Indians, which has now merged into this Institution; but as the Rev. F. A. O'Meara, the Missionary of that place, had acquired a sufficient knowledge of the Indian language to enable him to dispense with an Interpreter, his services were transferred to his present sphere of duty.

Nor has the anxiety thus evinced to increase the number of Missionaries, prevented the Central Board from exercising a watchful care over other matters connected with, and conducive to, the well-being of the Society.

A special general meeting was held at the Society's House on 21st September, for the purpose of taking into consideration the state of the reserved lands, which have been set apart in Upper Canada for the support of religion, and the necessity of making an immediate application to the Government in respect to that portion of the said property, which is assigned by law for the support of the United Church of England and Ireland. At this meeting it was resolved,—

That, in the opinion of this Society, the best means of making the endowment productive, will be to transfer the reserved lands themselves to the several religious communities, who are to be assisted in the support of their ministers, making such provisions, in any Legislative act for that purpose, as shall upon consideration, seem necessary for the convenient management of the lands, and for the protection of the public interests. A Petition to Her Majesty, the Imperial Parliament, and the Legislature of this Province, was adopted, intreating them to concur in whatever measures may be necessary for preserving, as a permanent endowment for the Church, such portions of the Clergy Reserves now remaining, as may correspond with the proportion of the proceeds of the said Reserves,

*Resolution

Reserves.*

which have been assigned to the Church by the Imperial Statute 3 & 4 Vic. cap. 78, which Petition has been very generally signed, and remains with the Central Board to be used in whatever way shall be deemed most expedient.

During the last Session, the Legislature granted an act of Incorporation to the Church Societies of the Dioceses of Quebec and Toronto, which act has been reserved for Her Majesty's assent. Neither must it be omitted to be mentioned that, owing to the indefatigable exertions of the Chairman of the Lay Committee, the Hon. the Chief Justice, a special and important object of the Lay Committee has been kept in view, viz., the "procuring an adequate and permanent provision for the support of the Episcopate in this Diocese." A Petition has, in consequence, been forwarded to the Queen from the Central Board, in conjunction with the Lay Committee, praying Her Majesty, that suitable provision might be made for the Bishoprick, and urging the strong claims which this Diocese possesses, arising from its great geographical extent, the number of its Clergy, and of congregations in communion with the Church,—and more than all, from its being the principal resort of emigrants from the mother country.

There are in connexion with the Parent Society the following Branches:

- | | |
|--------------------------------------|-------------------------|
| 1. Newcastle and Colborne. | 4. Eastern. |
| 2. Midland. | 5. Niagara. |
| 3. Prince Edward. | 6. Gore and Wellington. |
| 7. London, Brock, Talbot, and Huron. | |

NEWCASTLE AND COLBORNE.

The annual meeting of this Branch was held at Cobourg on the 30th January. In the report made at that meeting, the Committee say that "considering the great destitution of the means of grace, as ministered by duly authorized hands, they felt it to be a paramount duty to secure as early as possible the services of a Travelling Missionary, for the supply of the remote and destitute Townships within the sphere of the Association." The Rev. John Wilson was, in July last, appointed Travelling Missionary in this District, in addition to his duties as Assistant Minister at Cobourg. The Committee have established a central Depository, on a small scale, at Cobourg, which, however, they hope soon

to augment, and are anxious to render as effective as possible.

There are nine Parochial Associations in connexion with this Branch, whose total income has been £145 19s. 6d.: expenditure, £138 18s. 0d., including £26 13s. 1d. remitted to the Parent Society.

EASTERN DISTRICT.

The annual meeting of this Branch was held at Cornwall on the 7th March. The Committee report, that the sum of £50 10s. has been paid into the hands of the District Treasurer towards the support of a Travelling Missionary for the Johnstown and Eastern Districts, and that one Mission has pledged itself to contribute £15 annually for three years, for the same purpose. The Committee is very sanguine in the hope that, at the next general meeting, it will be able to announce the cheering fact that a Travelling Missionary has been labouring in the Johnstown and Eastern Districts, supported wholly by the funds of the Church Society.

There are seven Parochial Associations in connexion with this Branch. The total income from the commencement, including the years 1842-3, has been £347 7s. 0d., of which sum £78 2s. 8d. has been remitted to the Parent Society.

The second annual meeting of this Branch was held at Hamilton on the 3rd January, 1844. Its Report abounds with indications of the rapid and almost unprecedented growth of Church principles in the District. Since the last annual meeting, Parochial Associations have been formed in Brantford, Oakville, and Wellington Square. The total number of members of this Branch is 1234. The Committee announced, with feelings of peculiar satisfaction, the appointment of a Travelling Missionary for the united Districts of Gore and Wellington. The gentleman selected for this appointment, the Rev. J. Mockridge, has been able to furnish the Committee with intelligence of a varied, although, upon the whole, of a cheering nature. Another subject of congratulation to the Committee, was the successful operation of the Depositories, which had been established in the various parishes and missions throughout the united Districts.

There are nine Parochial Associations in connexion with this Branch. The total income has been £199 15s. 1½d., of which sum £49 5s. 7d. has been remitted to the Parent Society.

LONDON, BROCK, TALBOT, AND HURON BRANCH.

Several of the Parochial Associations in connexion with this Branch have reported their proceedings to the Managing Committee, and in every case a feeling is expressed favourable to the objects of the Society; and although, from the poverty of the members of the Church in some missions, little could be expected, yet all have done something.

Many of these Associations have contributed very liberally for local purposes, but in consequence of there being no quorum at the last Quarterly Meeting of the Committee, no remittance has been made to the Parent Society.

There are nine Parochial Associations in connexion with this Branch.

MIDLAND.

The second annual meeting of this Branch was held at Kingston, on Wednesday May 8th last. The Committee report that in the Township of Pittsburg two new churches have been built, and that the Kingston Parochial Branch is in a position to secure £75 per annum towards the maintenance of a Missionary Clergyman for this Township. A Depository has been established in Kingston, in connexion with this Branch, the demand upon which for Bibles, Prayer books, and various religious works, has been considerable, and is steadily maintained.

There are — Parochial Associations in connexion with this Branch. The total receipts have been £217 11s., the expenditure £121.

PRINCE EDWARD,

Is the smallest Branch Society in the Diocese, the annual meeting of which was held on January 7th. The Committee have, however, guaranteed to the Bishop the payment of £75 per annum towards the support of a Travelling Missionary, and they have good reason to hope that one will be sent them in the autumn. They have also established a Depository in Picton, and have contributed towards the maintenance of a Parochial School in the third ward of the same town, and have the intention of establishing a school in each of the other wards as soon as the funds will permit.

HOME DISTRICT PAROCHIAL ASSOCIATIONS CONNECTED WITH THIS SOCIETY.

Toronto.—The amount of collections in the city and neighbourhood of Toronto, is £255 11 7½d. No grants have been made for the special use of this parish.

York Mills.—£2 has been paid to the Treasurer. A grant of £5 7s. 6d. has been made to this Association for Service books, for the new Church at York Mills.

Thornhill.—This Association has paid to the Treasurer the sum of £36 8s. 9d. A grant of £22 10s. has been made towards enlarging Trinity Church at Thornhill.

Streetsville.—A Branch Association has been formed, but from having been actively engaged in building two churches, they have not been in a condition to make any remittance to the Parent Society.

Georgina.—This Association has forwarded to the Treasurer £3 19s. 3d.

No Reports have yet been received from the following Missions, viz.,—Etobicoke, Toronto Township, Markham and Vaughan, Brock, Whitby, Orillia, Penetanguishine.

A general review of the labours of the Society, during the past year, affords undoubtedly, much matter for serious congratulation. An active spirit of union and concentration has sprung up amongst us, and given birth to a variety of exertions in behalf of true religion. During the past year it has particularly manifested itself among the Branch Associations, whose operations deserve the most unqualified praise; and from such a feeling as this too much cannot be expected.

United in one holy cause, the members of the Church feel more strongly than ever, the moral and religious necessity of providing according to their respective ability, for the future well being of God's visible kingdom,—of increasing the number of their spiritual pastors, and of procuring suitable residences for those who have been duly called to feed the flock of Christ. Through this Society, Churchmen have been taught to appreciate their peculiar advantages, to realize the necessity and value of those Sacraments which Christ hath instituted in His Church, and to understand more fully than heretofore, how truly

all things are done unto edification in that "Body Corporate," wherein God's Providence hath placed them.—As might be expected, this knowledge has begotten exertion; and thus a sense of their own high privileges has produced a corresponding endeavour to become, under Divine grace, the happy instruments of extending this saving knowledge to all around them.

Neither has this Society forgotten the generous liberality of the two Venerable Societies at home, who have so long and so faithfully fostered the Colonial Church. The zealous exertions which are being made upon the spot to increase the number of Missionaries throughout the Diocese, prove that the Society has laboured to come to the assistance of those venerable Institutions, which for so long a time have singly borne the labour and heat of the day. During the past year, His Excellency Sir C. Metcalfe has graciously consented to become a patron of this Society, and as an evidence of his anxiety for the diffusion of religion, he has, since his arrival in the Province, contributed most liberally to the building and enlargement of churches, throughout this Diocese. Nor, whilst briefly glancing at the occurrences of the past year, must it be forgotten, that, considering the nature of the reports which have reached the Society, it is most gratifying to learn, that the sister Societies of Nova Scotia, New Brunswick, and Quebec, are in a prosperous state, and are diligently increasing the number of their Missionaries. The Society has to deplore the loss of the valuable services of John Kent Esquire, their late Secretary, who in consequence of his return to England, has been compelled to resign his situation. His useful and unceasing exertions in behalf of the Church, will not soon escape the memory of those among whom for some years he so zealously laboured.

Much, indeed, has been done for the good cause; the Society has great reason to be thankful, and it gladly looks upon past success as an earnest of better things to come. Not only in the country but in the towns also, great and praiseworthy endeavours have been made, during the present year, to procure increased accommodation for public worship; in many parts churches have been enlarged and some embellished, whilst in others new ones have been erected, and thus each year, some new village spires gladden alike the heart of the old settler and the newly arrived immigrant.

Meanwhile Church principles are steadily developing

themselves, and are silently but firmly taking root among the rapidly increasing population of Western Canada. Many who had wandered from the fold, thinking to find richer pasture elsewhere, have returned home hungry and thirsty, their souls faint within them, and worn out by excitement, and many still continue to follow their good example, and come in.

And surely, when this Society reflects from what an humble origin sprang up those venerable Societies in the Mother Country, to whom Canada owes so much, whose exemplary exertions are among the greatest blessings, next to the Reformation, which Almighty God hath vouchsafed to His Church,—it cannot but believe that this Society likewise, if it ever bear in mind, Who alone it is that giveth the increase,—if constant prayer be made in all the Churches for so holy a purpose,—if, as it hath commenced, it continue to struggle through every trial, and to live by “faith alone” on Him, who hath endured so much for beings who deserved so little at His gracious hands,—if it cleave to this true principle, it cannot doubt but that it may surely press forward on its career of Christian usefulness, and humbly hope that in God’s own good time it shall be used as the means of distributing the Bible, the very bread of life, the Prayer Book, and every kindred publication, to all around, and by the labours of the living Missionary, of propagating Evangelical Truth and Apostolic Order through every Township of this wide and fertile country.

SECOND ANNUAL REPORT
OF
THE LAY COMMITTEE
OF
The Church Society.

The Lay Committee of the Church Society since making their last report have endeavoured to advance the objects of the Society by promoting applications on the subject of the disposition and management of the Clergy Reserves, and also respecting the endowment of the See, and the incorporation of the Society by an act of the Provincial Legislature.

The Society is so fully aware of the nature and importance of these applications that it is unnecessary to enlarge upon them. We shall nevertheless observe, with respect to the first of them that so far as we can learn, the decision of Her Majesty's Government has not been expressed upon it, and the subject is yet under consideration. As no objection has been urged from any quarter, and as it is difficult to conceive upon what ground any opposition could be made to it, we trust there is little reason to doubt that the prayer of the Society will be acceded to. Indeed, if it is expected and desired that the reserved lands which are still unsold shall afford any considerable aid to the several religious denominations who are to share in their proceeds, it is quite clear, in our opinion that the only method of accomplishing that end will be by placing the lands themselves under the superintendence of the respective communities.

The sacrifice of inestimable public interests which must have attended the sale of the reserves under the regulations promulgated would be so calamitous that the friends of religion cannot be sufficiently thankful that for some reason of which we are not distinctly informed the sales have for a long time past been suspended; but it is much to be lamented that during this suspension very large disbursements are still incurred for services which can tend little, if at all, to the advantage of the

fund,—more especially the charge for remunerating a multitude of Inspectors appointed to examine and value the Reserves.

In those townships which are well settled the value of the few Reserves which may remain unsold could, we have no doubt, be easily ascertained without the heavy charge attending the services of these numerous Inspectors, and in the many new townships which contain but few inhabitants but in which the great bulk of the Reserves are situated, it is really of no use whatever to inquire into the present supposed value of such reserves,—for it is evident that the value of lands so circumstanced is merely nominal. As these townships fill up with inhabitants, which they will do rapidly, the price of land within them will certainly rise so as to bear some proportion to its real worth, estimated by its quality, and situation. To dispose of the Reserves before that time arrives would be extremely improvident, considering the object to which they are appropriated; and it is clear that whenever that time does arrive, the great charge which is now being incurred in attempting to affix a value to them, which can only be imaginary, will be found to have been an useless expenditure.

If Her Majesty should be graciously pleased to assent to the measure suggested of placing the lands themselves under the control of the religious bodies intended to be assisted from their proceeds; it does not appear to us that any difficulty would be found in carrying such a system into effect. The reserved lots which remained unsold in each township might be drawn by lot so as to leave one half of them thus impartially divided still in the hands of the government, to be appropriated in accordance with the 7th clause of the Imperial Statute 3 and 4 Victoria ch. 78, while the other half might be again divided by lot between the Churches of England and Scotland in the proportions settled by the 4th clause of the Statute.

The next object which the Lay Committee have endeavoured to assist in advancing, is even of greater importance to the Church in this Diocese and in which its members on every account take a warm interest.—We refer to the efforts made to obtain the concurrence and aid of the Imperial Government in establishing an adequate and permanent endowment for the See. It has always seemed to us wholly unaccountable that in this Diocese, the first we believe in point of extent, and certainly the most important of any in Her Majesty's Colo-

nial dominions, as regards the number of Protestant British subjects and the number of congregations and churches in communion with the Church of England, there should have been apparently no effort made by the Government of the Parent State to supply from any source a provision, however moderate, for the support of the Bishoprick.

If nothing has been done with this view, because a reliance has been placed upon the funds to be derived from the Clergy Reserves, it would seem that it ought to follow as a necessary consequence that some arrangements should be sanctioned by the Government for obtaining an endowment from that source. We are aware that the petition which has been preferred on this subject by the Society urges this matter strongly upon the attention of the Government—and that His Excellency the Governor General has assured the Society his desire to promote its prayer. We cannot therefore but entertain a strong hope of a successful result.

The bill which was passed in the last Session of the Provincial Legislature for incorporating the Church Societies of the Dioceses of Quebec and Toronto, and which has as we are informed been assented to by Her Majesty, will be found to give great facility and security to the future operations of our Society. It not only ensures its perpetuity, and gives it a definite legal character—but the capacity to take, and to hold lands for the purposes of the Society are given in terms so general—and the power to deal with lands thus acquired either by selling, or exchanging them, or by leasing them for any term of years, so fully and clearly relieves us from those inconvenient restrictions which the policy of the law in former ages had annexed to estates held in mortmain, that there is no course which the Society in the exercise of a sound discretion may desire to take in regard to such resources as may be placed within their control which this Statute will not hereafter enable them to carry into full effect.

Before this act was passed the Lay Committee had given their best consideration to the forms of conveyances which it was necessary to frame, in order to suit the provisions of the Church Temporalities Act passed in Upper Canada in the year 1840; and they had printed a collection of drafts of deeds to be made in accordance with that Statute and suited to the particular trusts and purposes upon which lands might be given, for the support of the Church.

But whenever the Royal Assent to the late Incorporation Act shall be formally announced, it will be expedient, as we now take the liberty of suggesting, that the Society should at a special meeting to be convened for that purpose, deliberate upon the course which it may be most advisable to take, in consequence of the altered state of things created by that act, it may be found, (as we think it will,) to be the better course that titles to lands to be hereafter conveyed for the support of the Church, should be made to the Society, now that it has acquired the corporate capacity to hold them—in order that with respect to all such lands, the convenience may be enjoyed of being able to make any disposition of them which a prudent regard to the interests of the church may dictate, unfettered by any of those restrictions which apply to leases made by Ecclesiastical Corporations.

There may be other matters also arising from the new footing on which the Society will be placed by its Legislative Charter, which may render it necessary that its constitution and objects should at an early period pass under review.

All which is respectfully submitted,

J. B. ROBINSON, *Chairman.*

Toronto, 3d June, 1844.
